## EXPERIENCE PROGRAM

### 2° Day: Prague

Breakfast at the hotel.

Private city tour & visit of the Astronomical clock and National Theater with guide, entrances not included.

Step into the Old Town Square in Prague and journey back in time. With its ancient buildings and magnificent churches, this is one of the most beautiful historical sights in Europe. Over the centuries buildings of Romanesque, Baroque and Gothic styles were erected around the market, each bringing with them stories of wealthy merchants and political intrigue.

Experience a medieval world wonder: the Old Town Astronomical Clock!

Every hour, hundreds of tourists from all over the world with cameras at the ready gather in front of the Old Town Hall to enjoy the fascinating mechanical performance which in the Middle Ages was considered one of the wonders of the world. The Prague Astronomical Clock, which for 600 years has been one of the greatest treasures of the city, still amazes people with its procession of Apostles, moving statues and visualization of time like no other instrument in the world.

The National Theatre in Prague is a stunning Neo-Renaissance building dating from 1868-83. It is instantly recognizable from the river, its golden roof gleaming in the sunshine on fine weather days. The theatre is set on the Old Town bank of the River Vltava, one bridge along from Charles Bridge. For Czech people, the National Theatre is one of the most important cultural institutions in Prague - since inception, a symbol of the Czech National Revival.
